Chapter	Description	Page No.
UNIT-I		
01	Research, Science and Sociology <ul style="list-style-type: none"> • Social Research: An Introduction • Meaning and Definitions of Social Research • Characteristics of Social Research • Steps in Social Science Research • Science and Sociology: An Introduction • Science: Meaning and Definitions • Characteristics of Science • Sociology as a Science • Problems Challenging the Scientific Status of Sociology • Characteristics of Sociology as Science 	11-34 11 12 14 17 22 24 24 27 29 32
02	Scientific Method: Positivist and Constructionist Interpretation of Science <ul style="list-style-type: none"> • Scientific Method: An Introduction • Characteristics of Scientific Method • Steps in Scientific Method • Use of Scientific Method in Social Sciences Research • Interpretations of Science: Positivist and Constructionist • Features of Positivism • Constructionist Interpretation of Science • Development, Evolution and Key Contributors • Criticisms and Limitations • Influence of Constructionist Interpretation on Research 	35-58 36 38 40 43 45 51 53 55 57 58
03	Trends in Sociological Research <ul style="list-style-type: none"> • Introduction • Different Trends of Sociological Research • Development of Empirical Research • Mid-20th Century: Diversification of Research Topics • Post-modernism and Critical Sociology • Recent Trends in Sociological Research 	59-81 59 60 64 69 73 77

04	Sociological Imagination <ul style="list-style-type: none"> • Sociological Imagination: An Introduction • Sociological Imagination: C. Wright Mills • Guidelines for Sociological Imagination • Lack of Sociological Imagination • Usefulness of Sociological Imagination • Thinking Sociologically • Difference Between Common Sense and Sociology • Strategies for Thinking Sociologically 	82-91 82 83 84 86 87 89 89 90
05	Objectivity: As Explained by Emile Durkheim <ul style="list-style-type: none"> • Objectivity: An Introduction • Meaning of Objectivity • Definitions of Objectivity • Importance of Objectivity in Social Sciences Research • Problems of Objectivity in Social Science Research • Factors Affecting Objectivity • Mitigation Strategies to Ensure Objectivity • Objectivity as Explained by Emile Durkheim 	92-106 92 93 94 96 96 99 102 103
06	Objectivity as Explained by Max Weber <ul style="list-style-type: none"> • Objectivity As Explained by Max Weber • Ideal Types: Tool for Objectivity • Role of Ideal Type in Achieving Objectivity • Examples of Ideal Types 	107-117 107 111 112 113
07	Coming Crisis in Western Sociology: Methodological Approach <ul style="list-style-type: none"> • Coming Crisis in Western Sociology: An Introduction • Key Elements of the Crisis in Western Sociology • Methodological Reforms Proposed by Alvin Gouldner • Transformative Effects of Critique of Alvin Gouldner 	118-130 118 119 122 126
08	A Critique to Conventional Sociology: Reflexivity (Harold Garfinkle) <ul style="list-style-type: none"> • Critique to Conventional Sociology: An Introduction • Reflexivity as an Ongoing Process • Indexicality 	131-153 131 133 136

	<ul style="list-style-type: none"> ● Key Features of Indexicality ● Reflexivity ● Key Features of Reflexivity ● Interplay Between Indexicality and Reflexivity ● Challenges of Indexicality and Reflexivity ● Reflexivity in Sociological Research 	137 139 141 144 147 150
UNIT-II		
09	Comparative Method: Emile Durkheim, Radcliffe Brown and Max Weber <ul style="list-style-type: none"> ● Comparative Method: An Introduction ● Meaning and Definitions of Comparative Method ● Characteristics of Comparative Method ● Durkheim and Comparative Method ● Use of Comparative Method by Durkheim ● Examples of Comparative Studies by Durkheim ● Radcliffe-Brown and Comparative Method ● Use of Comparative Method by Radcliffe Brown ● Max Weber and Comparative Method ● Use of Comparative Method by Max Weber 	154-175 154 156 158 161 164 165 166 169 171 173
10.	Feminist Method: Approach and Design <ul style="list-style-type: none"> ● Feminist Method: An Introduction ● Goals of Feminist Research ● Characteristics of Feminist Methods ● Approaches of Feminist Method ● Design of Feminist Method 	176-192 176 178 181 185 188
UNIT-III		
11.	Theory and Research <ul style="list-style-type: none"> ● Theory and Research: An Introduction ● Meaning and Definitions of Theory ● Characteristics of Theory ● Steps Involved in Theory Building ● Role of Theory in Research ● Role of Research in Theory ● Relationship Between Theory and Research 	193-207 193 195 197 199 201 204 205
12.	Inductive and Deductive Logic <ul style="list-style-type: none"> ● Introduction ● Inductive Logic 	208-226 208 209

	<ul style="list-style-type: none"> ● Meaning and Definitions of Inductive Logic ● Characteristics of Inductive Logic ● Advantages of Inductive Logic ● Disadvantages of Inductive Logic ● Deductive Logic ● Meaning and Definitions of Deductive Logic ● Characteristics of Deductive Logic ● Advantages of Deductive Logic ● Disadvantages of Deductive Logic ● Difference Between Inductive and Deductive Logic 	211 212 214 216 217 218 220 222 223 225
UNIT-IV		
13	Quantitative Research: Characteristics, Purposes and Types	227-244
	<ul style="list-style-type: none"> ● Quantitative Research: An Introduction ● Meaning and Definitions of Quantitative Research ● Characteristics of Quantitative Research ● Types of Quantitative Research ● Purpose of Quantitative Research ● Advantages of Quantitative Research ● Disadvantages of Quantitative Research 	227 229 230 233 237 238 242
14.	Qualitative Research: Characteristics, Purposes and Types	245-264
	<ul style="list-style-type: none"> ● Qualitative Research: An Introduction ● Meaning and Definitions of Qualitative Research ● Characteristics of Qualitative Research ● Types of Qualitative Research ● Purpose of Qualitative Research ● Advantages of Qualitative Research ● Disadvantages of Qualitative Research 	245 247 248 252 255 258 261
